

Dear Parent/Carer,

8 June 2022

I am delighted to share with you a fantastic opportunity which we would like to offer to the Students at Christ the King. We are planning a trip with Camps International to go on an expedition in 2024. The trip is likely to be to Cambodia or Kenya – with the purpose being to experience other cultures, help local communities and engage in conservation. At the moment, we are still gauging the interest of the students and are keen to hear from you with any questions or thoughts you have regarding this trip.

This trip would involve a big commitment from you and your child as the current estimate for cost of this trip is £4000 per person. We are looking to fundraise as much of this as possible as a school, but your child would need to fund some of the costs of the trip through self-fundraising, which is something which we would discuss in more depth with the students (and their families) who have shown interest moving forward.

With your support, if we have enough students' interest in this opportunity, we will facilitate further assemblies with Camps International to provide more information. Students will then have a short period of time to officially sign up for the trip and if enough students sign up, the trip will then go ahead.

The presentation which was shown to your children as part of their collective worship this week will soon be made available for you to watch. We would also like to direct you to the Camps International website <https://www.campsinternational.com> which offers a more in-depth description of the projects, fundraising and logistics of the expedition.

Thank you for your support.

Yours faithfully

Mr Hughes
Teacher of Psychology/Sociology
