Our Mission is focused on the **environment**.

We should recycle for our future generations because if we don't act now things will be too big to act in the later years.

HOLYWELL

Our Mission is to raise awareness of **immigration** and the **struggles** faced by people settling in our country.

IONA

WALSINGHAM

HOUSE MISSION 2024

OUR MISSION: RAISE AWARENESS AND PROVIDE SUPPORT FOR OUR LOCAL CARE HOMES

There are 218 care homes just in Nottingham alone, these can have up to hundreds of people in each one who need extra support during their last years in life. Many of these people who live here do not have any friends or family who come to visit them so live a very lonely and isolated life.

WE WANT TO CHANGE THIS! our focus this year is to care for people in our local community.
